

## International Calls and International Roaming Rates

All calls are rounded up to the nearest 60 seconds

Standard International call rates that differ within a destination are annotated with (landline) or (mobile). If (landline) or (mobile) is not specified, the call rate is inclusive of both

### International Direct Dial (IDD)

Below is a list of countries where your Me Sim / Macarthur Telecom mobile service will work provided you have enabled International Roaming. Ensure that you have chosen an International Roaming Bolt On or have specified an Excess Spend Limit to avoid Bill Shock at the Pay As You Go Rate. If you are visiting a country that is not listed below, then your service will not work, and we recommend that you purchase a local SIM in the country you are travelling to. Your device should connect to the roaming network automatically if the device is on auto network select. If you are unable to get a signal you may have to connect to the roaming network manually. Our preferred roaming networks are listed below.
